

 <p>BatteryMan Technology</p>	<p>"The Battery & Fuel Cells Seminar was not only a great opportunity for getting a deeper insight, it also helps to sensitize on the critical issues when handling or dealing with battery applications. Furthermore the private and focused atmosphere was fruitful for networking and getting in touch with all positions in the value chain."</p>
	<p>Cornelius Geiger Master of Business and Engineering Manager Marketing & Sales BatteryMan Technology GmbH</p>
